

Student Reading Success Through Research and Collaboration

## Consonant Digraph Cards

The following are picture cards featuring the consonant digraphs *ch* and *sh*. These cards can be used as part of a lesson teaching students how to read and spell words that have consonant digraphs or could be used in the home to practice saying the digraphs and examples of words that they help to spell.

### Additional Resource

For more on consonant digraphs, read the Iowa Reading Research Center blog post [“Effective Literacy Lesson: Teaching Consonant Digraphs”](#) by Deborah K. Reed.
